This year the approval for conducting the Diploma in Early Childhood Special Education Hearing Impairment Course was expiring. Two experts were deputed by RCI to inspect our Institution and give their approval for extending their approval. We got our approval extended for the next five years 2022-23 to 2026-27. We thank RCI for their approval.

Supply of DHVANI Kit

The goal of the Institute is to convince Trusts and other organisations to start new early intervention centers. The trainees from the 2021-22 batch had two candidates – one sponsored by the Patiala School for the Deaf & Blind Patiala and one by the Rotary Sanskardam Academy for children with special needs. The candidates finished the course and have joined the respective sponsored institutes. Since they have been trained in DHVANI Methodology they were given the option of procuring DHVANI Kit from us so that they can utilize it in their center to help the children develop language, speech and academic skills.

Both the Patiala school for the deaf& blind and Rotary Sanskardam Academy have procured the Kit from us. We extend our warm wishes to both the candidates and the school and hope they are able to develop oral and academic skills in the children of their respective schools.
